

## **WESTERN CANADA SAREX 2006**

### **SITUATION REPORT 2**

**DATE:** June 17 2006

**Purpose:** The purpose of this situation report is to update and amend the Operations Order for Western Canada SAREX 2006.

**Situation:** There has been one new change concerning this Operations Order

1. **Addition of Leisure Activities:** It now appears possible to offer crews returning from completing all their compulsory SAREX exercise the opportunity to tour Clearwater Park's famous Cave structures and an early season dip at Pioneer Bay Beach in one of the four true blue clear water lakes in the world! So bring your bathing suits and be prepared to tell your grandchildren about this one of a kind bathing experiences!

Signed

M.O. Harvey  
SAREX Commander
